Respected Colleagues,
Greetings and warm regards!
MaxFacIndia is an organization - established at Pune, Maharashtra in 2017 - which is focused on the professional development of maxillofacial prosthodontics in India. This is being accomplished through the following means:
- **Patient Treatment Services** - for patients requiring maxillofacial prosthetic care.
- **Silicone Laboratory Services** - for clinicians requiring auxiliary support.
- **Partnership with Technovent Ltd., UK** - to make medical-grade silicone materials available.
- **Training Provider** - to provide hands-on training in maxillofacial prosthetics.

**ABOUT THE PROGRAM**
Anaplastology or Maxillofacial Prosthetics is a branch of medicine dealing with the prosthetic rehabilitation of an absent, disfigured or malformed anatomically critical location of the face or body. Developing required clinical and laboratory skills in this field is a challenging task for the interested clinician.
Partial or complete absence of a digit (finger or toe; single or multiple) is most commonly caused by trauma and impacts the patient’s self-image & standing in society. A silicone prosthesis is a suitable cosmetic solution and can be retained by means of either vacuum (suction), a ring, or an implant.
This 3-days hands-on training workshop will focus on the technical aspects involved in the fabrication of a stump-retained digit prosthesis (by suction) in medical-grade silicone - with emphasis on a simplified technique.
We look forward to your participation in the workshop.

........ Regards,
The Organizing Team
MAXFACINDIA ACTIVITIES 2018-19

REGISTRATION FEES
- Rs. 22500 per delegate
- Intake is limited to 5 delegates.
- Course fees are inclusive of breakfast, lunch and tea.
- Training materials and instruments will be provided by the organizers.
- Course fees are not inclusive of accommodation.

REGISTRATION PROCEDURE
- Call Dr. Mohit T. Dudani at 78878 00053 to check availability.
- Visit Training section on website www.maxfacindia.in
- Use Payment Gateway with net banking (no surcharge) for payment.
- We will send you a confirmatory email.
- Receipt will be provided at the time of the program.

COURSE OFFERS
- 5% Discount on Purchase of a Starter or Master Kit.

WORKSHOP SPONSORS

This hands-on workshop will focus on development of important skills in the field of maxillofacial prosthetics. Our training methodology is quite comprehensive with demonstrations given on each step by the faculty. This is followed by practical hands-on activity by the participants on patient simulator models. Our faculty team works together to ensure quality in training. An optimal faculty-to-participant ratio, adequate time given for completion of each step, and sufficient material & instruments provided by the organizers - all serve towards enhancing the learning experience.
